RE: Sports Day 2024

Dear Families,

I am writing to share how proud we are of all of our students that involved themselves in our best-ever Sports Day this year. Sports Day is an annual event on our calendar that is not just about the competition and fun on the field, but also about the incredible sense of community and teamwork that the excitement brings.

This year, our Sports Day included healthy competition between our Communities; Pegasus, Griffin, Noctua and Phoenix. The atmosphere on both days was unrivalled and highlighted how invested our students already are in representing their Communities and supporting their peers.

Sports Day 2024 was a festival of celebration for our students and we were blown away by their support, participation, courage and enthusiasm on both days. We have always believed that Sports Days provide an opportunity for students to celebrate talent, but also to immerse themselves in an experience that develops their character and social confidence. The attitude of our students this year epitomised this.

I would like to take this opportunity to also thank you for your support in getting your child to K2 Stadium this year. This allowed us to take full advantage of the whole day there, ensuring more participation and more competition.

As we approach the end of this academic year, Sports Day will stand as a true reflection of the brilliance of our students.

Best wishes,

Mr Rutledge
Curriculum Leader for Physical Education
