Bohunt Horsham Governors
2026-27

CHAIR: Raymond Warren

I have lived in Horsham for over 20 years and have been part of the school community as a parent governor for the past four years. During this time, I've had the privilege of watching the school grow from just 120 students in temporary accommodation into a thriving all-through school with over a thousand students, now housed in a brand new state-of-the-art facility.

I am originally from Northamptonshire and graduated with a degree in economics and master degree in European politics. My early career was in central and local government, both in the UK and the United States, where I led large-scale transformation and change programmes. I have experience working at board level, managing teams of up to 90 people and overseeing budgets exceeding £10 million. I now run my own successful and growing small business.

Outside of work, I am an ECB-qualified cricket coach and aside from my passion for reading, I play a variety of sports. I'm also a Fellow of the Royal Society of Arts (RSA) and have volunteered my time to several charitable and community initiatives since being elected more than a decade ago

VICE CHAIR: Paul Hickox

I am fortunate enough to be a Parent Governor at Bohunt Horsham. I work as part of a team of Governors that support the Head, their leadership team and the school staff to ensure that we deliver the best possible educational experience for your children.

I have a son who attends the school and have been a Governor since 2022. My background is in aviation and defence, particularly business leadership.

We have a balanced Governor board across multiple disciplines in order to support the School in all aspects of its educational strategy, and support the school to achieve the very best for its students.

It really is a great experience to be part of the wider team at Bohunt Horsham.

Ash Ayra

My experience spans nearly 20 years in both the education and commercial sectors, including school leadership (state and independent sector), management consulting at Deloitte, business development at a brand consultancy and innovation programmes leadership at NHS England.

Since 2018, I have been working in a senior management role at an Independent School in West Sussex.

Before moving to the independent sector in 2018, all of my teaching career was in the state sector and mostly in challenging inner city schools.

Bohunt Horsham Governors
2026-27

Jo Dorey

I've built a long and varied career as an IT professional, progressing into a leadership role within IT Supplier Management where strategic thinking, governance, and stakeholder engagement are central.

Throughout my career, I've worked closely with a wide range of stakeholders, from senior executives to technical teams and external partners, building trusted relationships and navigating complex challenges to achieve shared goals. These skills are highly relevant to the role of a school governor, where collaboration, clear communication and consensus-building are essential.

I applied to become a governor at Bohunt Horsham because I'm genuinely interested in contributing to the school's development and supporting its vision. As link governor for staff and pupil wellbeing, I'm proud to bring my professional experience to help foster a positive, inclusive, and supportive environment for everyone in the school community.

Richard Harris

I have been a Science teacher at Bohunt Horsham since 2020, the second year the school was open, and have held a few different roles over that time, including Staff Wellbeing Lead and my current role of EdTech Lead.

I completed my teacher training in 2010 and have spent most of my time teaching in Sussex, but also spent 5 years teaching in a British International School in Thailand.

I am really proud to be representing the fantastic Bohunt Horsham staff as the Staff Teaching Governor and look forward to seeing what the future holds for the school.

Corrina Jones – Staff (Primary) Governor

Bohunt Horsham Governors
2026-27

Alison Lodge

I have long been interested in school governance, so when a community governor position became available at Bohunt Horsham LGB, I was eager to apply. Living nearby and having a granddaughter who recently joined Year 7 makes this role especially meaningful to me.

My background includes chairing the governing body of a church-aided primary school, lecturing in early years education, working in children's safeguarding services, serving as a trustee for a national charity, and my current role in adult mental health services. These experiences have given me a broad perspective on education, safeguarding, and wellbeing.

I am excited to contribute to the governance of a large all-through school and look forward to supporting the continued growth of the Bohunt Horsham primary phase. I hope to use my skills to help ensure the best outcomes for all students and the wider school community.

Adam McIntosh

A technology leader focused on digital innovation.

Being local to Horsham, I serve as a governor for Bohunt to give back to the community.

My goal is to use my professional expertise to improve educational outcomes and enhance students' learning experiences right here in Horsham.

Simon Reed – Community Governor

I am a passionate community school governor who brings a wealth of experience in leadership, collaboration, and strategic thinking from business.

With a background in advertising and technology industries, I am driven by a strong belief in the power of education to transform lives. I value inclusivity, creativity, and wellbeing, and I am dedicated to supporting the school community to ensure every child has the opportunity to thrive.

I take pride in offering both challenge and support to the leadership team, working to uphold high standards while fostering a positive, nurturing environment for pupils, staff, and families alike.

I am married and a father of two living in Upper Beeding Sussex.
